The Doors Experience (A) - Klub Boogaloo, Zagreb (12.03.2010.)

The Doors Experience, The Doors tribute band from Austria are coming again for their traditional concert in club Boogaloo, in Zagreb on friday 12th, May 2010.

With their wondrous performance they are giving the complete "experience of the Doors", considering their high musical quality.

They are building their career for a long row of years, by playing all across the world.

Even after four decades since the end of The Doors and the death of Jim Morrison, their music remains in the hearts of their loyal fans. They rocked the world for seven years (1965-1971) and they recorded six studio albums, leaving indelible mark in the history of rock and roll. Legendary "Light my fire", "Roadhouse blues", "L. A. woman", "People are strange", "Break on trough", "Riders on the storm" and many other (that will be performed in Boogaloo) are unavoidable part in growing up of the new generations, which are yet to discover The Lizard King and his crew.

The closest to the Doors are The Doors Experience, so don't bunk off from their show on friday in Zagreb. Along with the performance of the fantastic Austrian musicians (Jason "Jim" Boiler - vocals ; Christoph Zauchinger - drums ; Klaus Bergmaier - organ, rhodes & backing vocals; Rene Galik - guitar ; Juergen Schaupp - bass) on the big screen you will be able to see the original footage of the Doors themselves.

Tickets are available on pre-sale and on the entrance of the club by the price of 50 and 60 kuna.
